

Routes 4A and 133 Construction Update - May 7, 2020

Construction Update

West Rutland Paving Project

Routes 4A and 133

Date: Thursday, 5/7/20

**Project Location:** Roadway

**Location:** Beginning at the intersection of VT-133 (Clarendon Ave.) and Skyline Drive extending northerly along VT-133 (Clarendon Ave) to its intersection with VT-4A (Main Street). The project also begins west of the intersection of VT-4A (Main Street) and Barnes Street at the Class 1 Town Highway limit and extends easterly along VT-4A (Main Street) to its intersection with BUS-4.

**Scope of Work:** Construction activities include milling (grinding) of the roadway, paving with a leveling and wearing course of asphalt, pavement markings. Sidewalk ramps and pedestrian crossing infrastructure will be replaced and upgraded to meet current ADA standards as necessary. Some bicycle features may be added where applicable and feasible, and other highway related items will be completed as well.

As part of Governor Scott's "Work Smart, Stay Safe" order, all construction crews are currently subject to safety restrictions and precautions.

**Construction Activities:**

It is anticipated that the contractor will begin milling operations on Wednesday, 5/13 on the west end of the project (at the intersection of VT-4A (Main Street) and Barnes Street at the Class 1 Town Highway limit) and proceed easterly along Route 4A. This work will continue into the week of 5/18.

**Traffic Impacts:** Motorists can expect a one-way alternating traffic pattern in the vicinity of milling operations. Minor delays may occur.
